February Schedule

Eco-Explorers

4th-7th

Eco-Explorers-this is programming based on the environment. The children will learn about recycling, conservation and being "green".

Little Masters

11th-15th*

Little Masters-based on the art masters, children will be able to create their own masterpieces like Monet, Rodin & Warhol.

Creation Station

18th-21th

Children will be able to create little gifts to give to their families or keep for themselves. Whether it's making a bookmark or magnetic photo frame, they will enjoy making these special crafts.

The Magic of Flight

25th-28th

How does a plane stay in the air? We will answer this and other questions as we learn about all things that fly. From paper airplanes to hot air balloons, the children will create and test their own flying objects.

* President's Day
